HOW THE MODEL WORKS

Real-economy transactions, disciplined screening and profit sharing based on actual net results.

1 **Investor completes onboarding**

2 **Screen supplier and customer**

3 **Purchase identified goods**

4 **Take ownership before resale**

5 **Collect agreed installments**

TRANSACTION PRINCIPLES

- Real goods or productive activity
- Documented costs and terms
- No guaranteed return or capital

What investors receive

- Access to screened opportunities
- Proportional participation
- Documents and periodic reporting
- Participation in actual profit

What NORVEL manages

- Partner sourcing and deal analysis
- Execution support and coordination
- Documentation and calculation control

Control framework

- Due diligence and KYC/AML
- Contract-based allocation
- AAOIFI-guided principles

Draft-contract / proposed control framework; implementation evidence remains to be confirmed. Actual results only. Capital is at risk.

IMPORTANT ASSUMPTIONS

The 5%, 10% and 15% scenarios are mathematical examples, not forecasts or product history. The sale margin is contractual; the investor result depends on collections and all expenses.

Illustrative only; not historical performance, an offer or a promise. Timing, costs, counterparties and contractual terms affect outcomes. Capital is at risk.

OUR INVESTMENT PHILOSOPHY

Five principles. One disciplined operating approach.

THE CORE IDEA

DISCIPLINED CAPITAL.

REAL OPPORTUNITIES.

SHARED OUTCOMES.

Capital supports documented purchase and installment sale of appliances, furniture, electronics, materials and equipment.

OPPORTUNITY LANDSCAPE

Current focus is separated from themes under review.

CURRENT FOCUS • MANAGEMENT-REPORTED

Home goods

Appliances and furniture

Supplier and title review

Customer payment risk

Materials

Electronics and building supplies

Purchase and delivery records

Return and delay risk

Equipment

Commercial and business assets

GOODS & EQUIPMENT INSTALLMENTS

A real purchase and resale, not an interest-bearing loan.

1. **Buyer selects eligible goods**
2. **Company purchases goods**
3. **Ownership and risk pass**
4. **Agree disclosed resale price**
5. **Collect scheduled installments**
6. **Calculate and share net profit**

TRANSACTION CONDITIONS

Price and markup are agreed before resale. Ownership precedes resale; collections affect the net result.

ILLUSTRATIVE TRANSACTION

Purchase / allocation	**US$1,300**

DEAL SOURCING & DUE DILIGENCE

A documented decision trail — not a guarantee of counterparty safety.

01 SOURCING & IDENTITY

01 Opportunity sourcing
02 Initial commercial review

03 DECISION & OVERSIGHT

09 Shariah-conscious screening
10 Risk review
11 Investment decision
12 Monitoring and reporting

EVIDENCE TO REVIEW

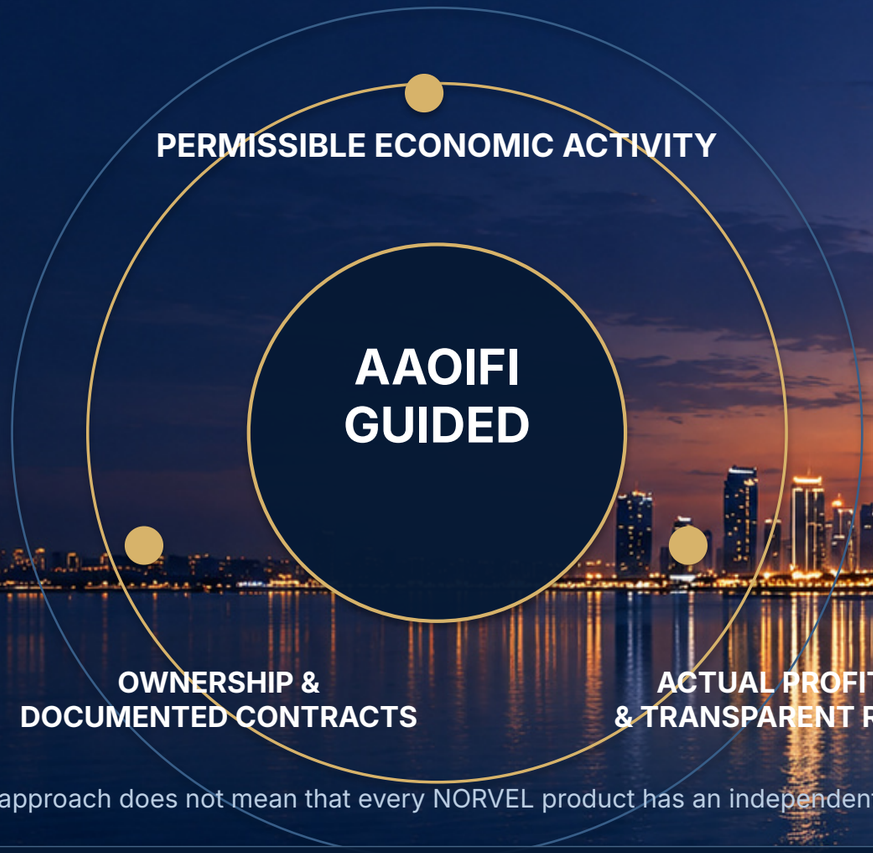

- Supplier and goods identity
- Purchase, delivery and title
- Buyer affordability and schedule
- Collection records and exceptions

Documented review, not a guarantee.

Screened counterparties based on available documentation. Written review conclusions should be retained and made available under the agreement.

SHARIAH-CONSCIOUS FRAMEWORK

AAOIFI-guided principles with transaction-specific review.

PRODUCT TRANSACTION PRINCIPLES

- Supplier and goods identity
- Purchase, delivery and title
- The sale margin is contractual; the investor result depends on collections and all expenses.

Governance and review

- Review new structures against AAOIFI standards
- Purify impermissible incidental income, if applicable
- Independent Shariah review when formally appointed
- Written opinions and scope require confirmation

This approach does not mean that every NORVEL product has an independent Shariah certification, or that AAOIFI approves or partners with NORVEL.

Source: company brief and draft agreement. No independent product opinion or appointed Shariah adviser's mandate was provided.

PROFIT-SHARING FRAMEWORK

From transaction revenue to actual distributable net profit.

Transaction Revenue
Actually received

All Expenses
Actual recorded expenses

Expense Review
Under agreed calculation

Actual Net Profit
Only the realized result

35% **INVESTOR**
Share of actual net profit

65% **MANAGING SIDE**
Share for management and coordination

NOT FIXED

- No guaranteed return
- No guaranteed capital preservation
- No automatic monthly yield
- No promise of a specific yield percentage

Principal is not profit. Reports explain the calculation.
Timing and loss treatment follow the applicable agreement.

Proposed 35/65 split after all expenses. Align the signed agreement before use; illustrative, no guarantee.

RISK MANAGEMENT

Risk-to-control matrix. Controls reduce exposure; they do not remove it.

DRAFT / PROPOSED CONTROLS — IMPLEMENTATION TO BE CONFIRMED

Customer non-payment

Buyer affordability and collections

Delivery or return

Delivery and return records

Supplier and goods quality

Supplier and quality checks

Recovery expenses

Security and recovery process

Investing can result in the loss of part or all of the invested capital. Previous repayments do not guarantee future performance.

Controls are proposed, not proven. The sale margin is contractual; the investor result depends on collections and all expenses.

INVESTOR PARTICIPATION & DOCUMENTATION

NORVEL CAPITAL

Review the opportunity, understand the risks and agree the terms before any transfer.

1. Initial conversation
2. Identification & onboarding
3. Opportunity review
4. Economics & risks
5. Agreement review & signing
6. Transfer & allocation
7. Transaction monitoring
8. Periodic reporting
9. Actual-result distribution

Indicative participation terms

Minimum	$50 — indicative, subject to contract
Currencies	Provider availability; conversion may apply
Fee	As stated in the final signed agreement
Distributions	Monthly if actual profit is realized and distributable
Reporting	As agreed; draft proposes at least quarterly reporting
Exit	Request possible after 1 month; timing per contract

Documents to request

- Current opportunity summary
- Illustrative economics and participation terms
- Draft Mudarabah agreement
- Risk disclosure
- Due diligence summary, where available
- Reporting and supporting materials under confidentiality

Preliminary terms are not a public offer. Recipient entity, payment provider, final agreement and legal admissibility must be confirmed before accepting funds.
